MOON, SO ROUND AND YELLOW

Moon, so round and yellow,
Looking from on high,
How I love to see you
Shining in the sky.
Oft and oft I wonder,
When I see you there,
How they get to light you,
Hanging in the air;

Where you go at morning,
When the night is past,
And the sun come peeping
O'er the hill at last.
Sometimes I will watch you
Slyly overhead,
When you think I'm sleeping
Snugly in my bed.

[illegible]way To Heaven

It's whisper[illegible]hat soon, if we all call the tune
Then th[illegible]per will lead us to reason.
And a new day will dawn
For those who stand long
And the forests will echo with laughter.

And as we wind on down the road
Our shadows taller than our souls;
There walks a lady we all know
Who shines white light and wants to show
How everything still turns to gold.

And if you listen very hard,
The tune will come to you at last;
When all are one and one is all,
To be a rock and not to roll.

THE STAR

Twinkle, twinkle, little star,
How I wonder what you are!
Up above the world so high,
Like a diamond in the sky.

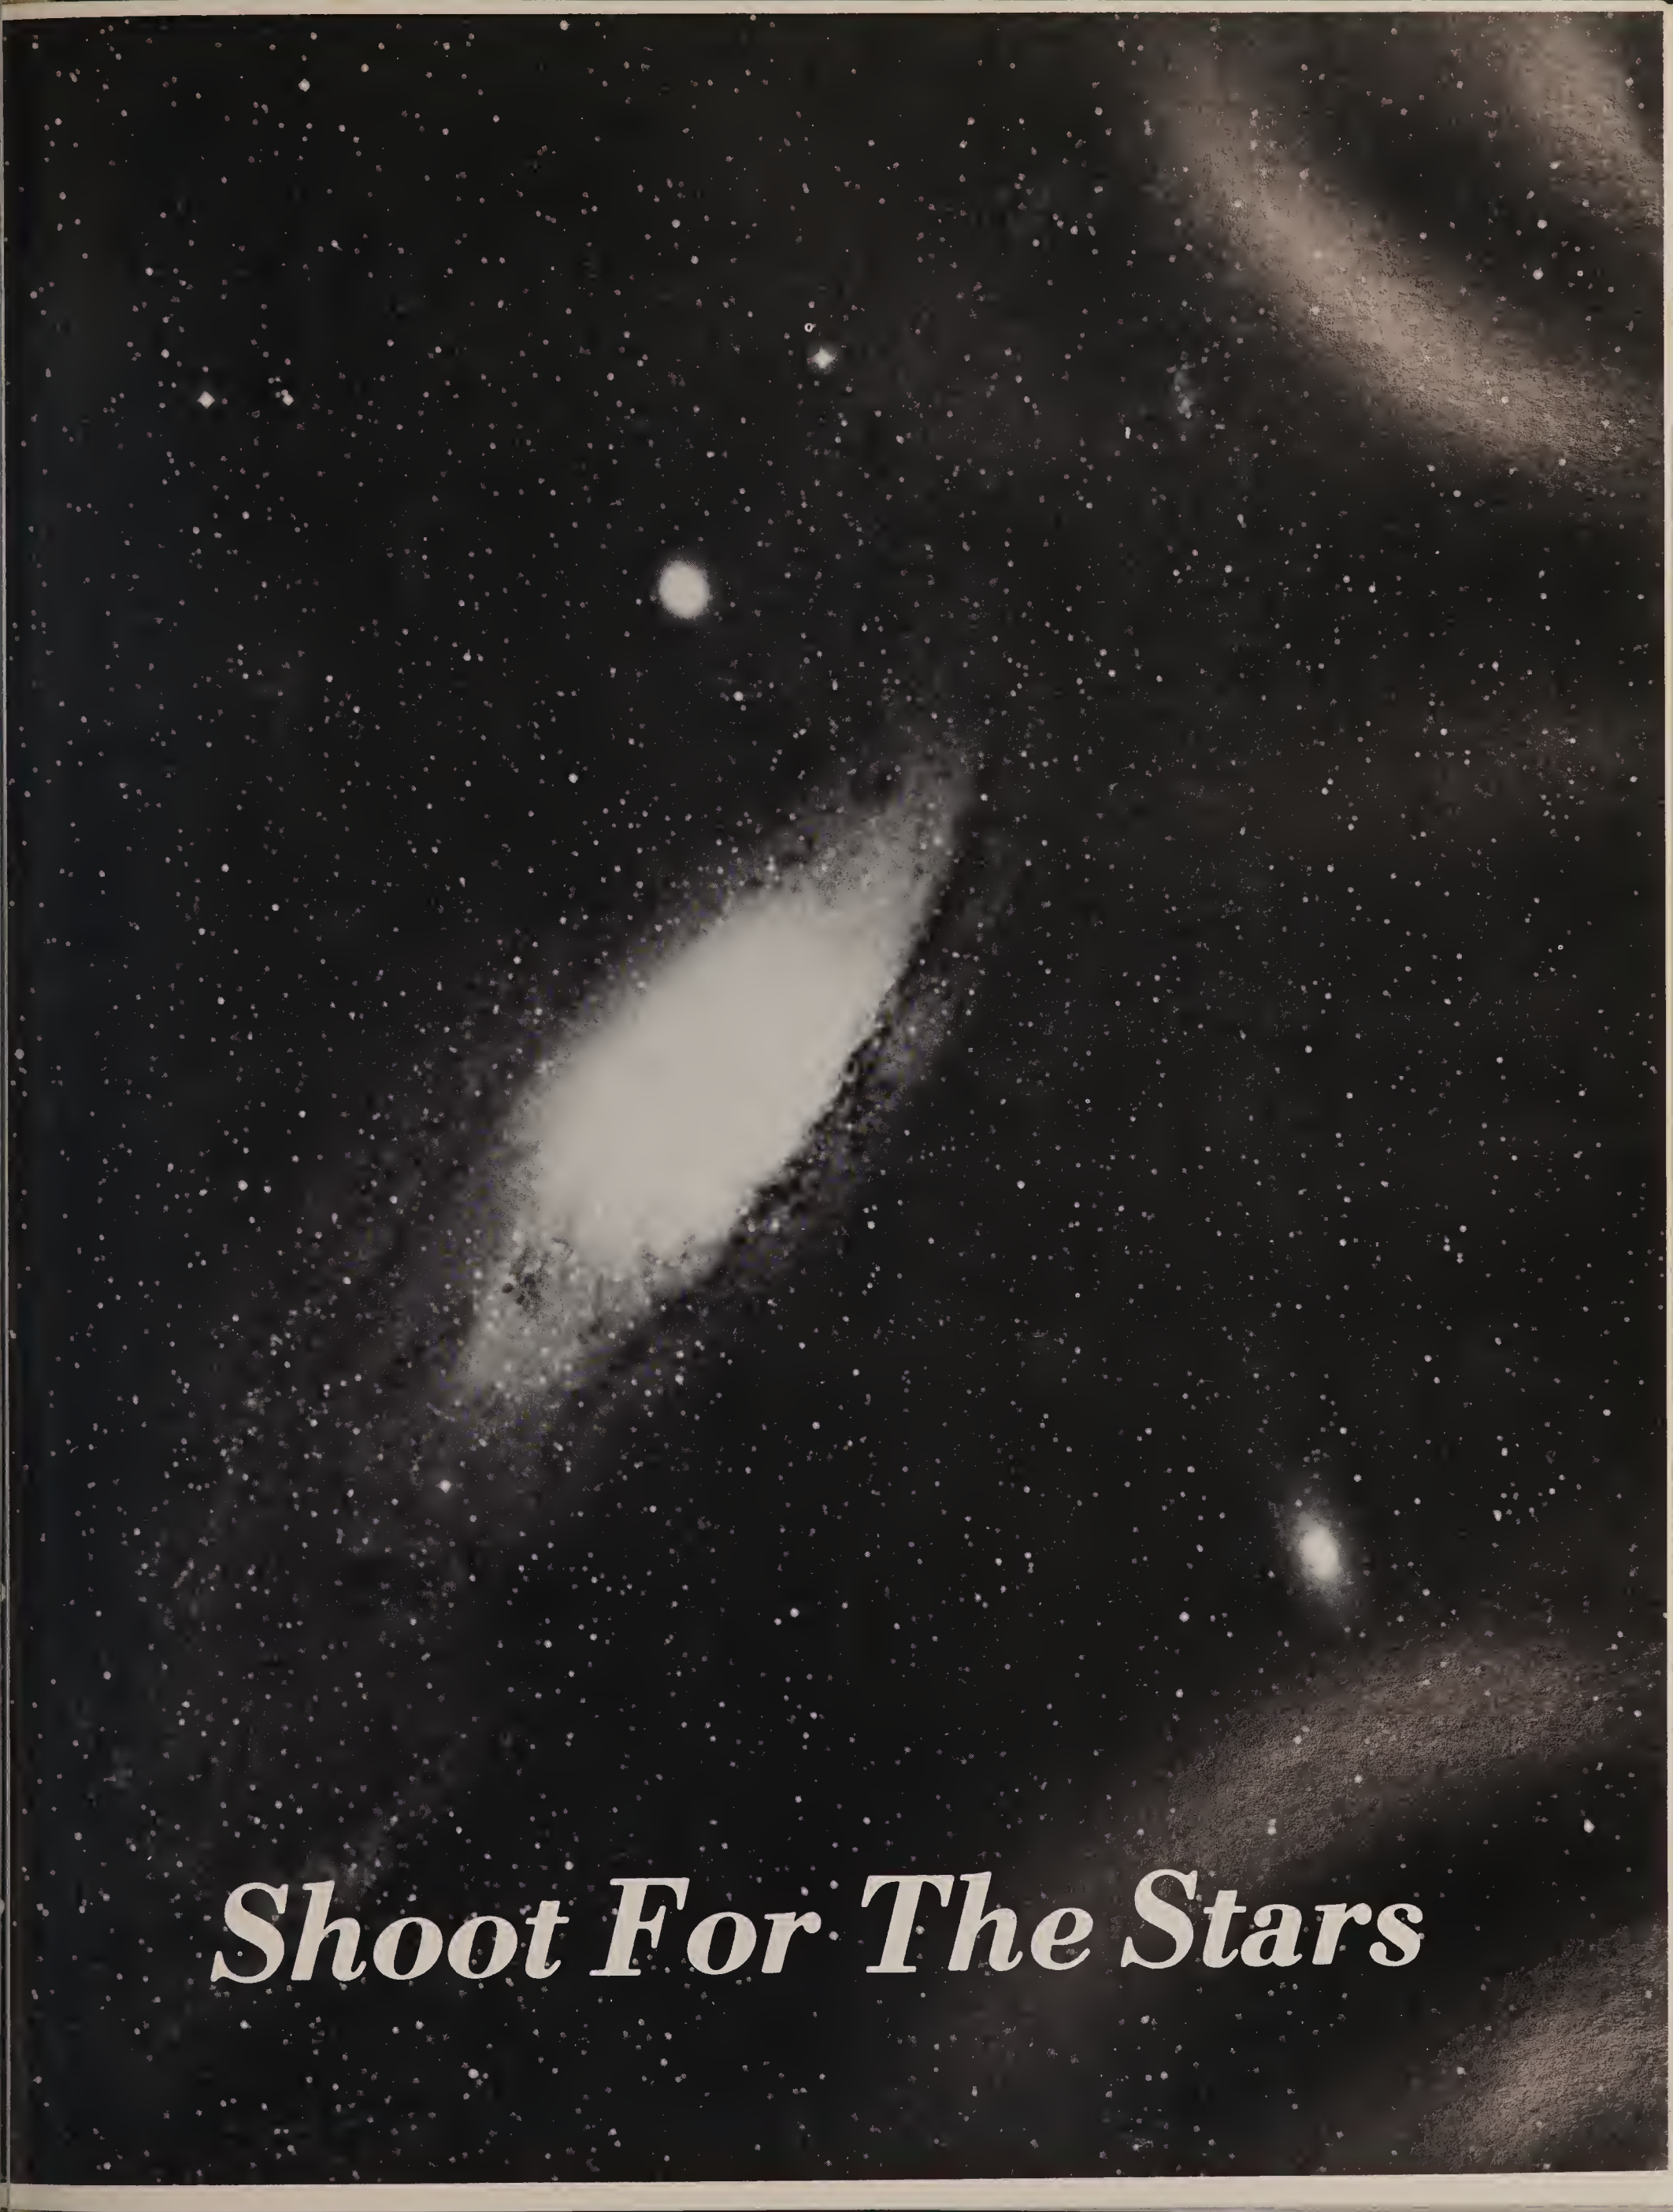

When the blazing sun is set,
And the grass with dew is wet,
Then you show your little light,
Twinkle, twinkle, all the night.

Then the traveler in the dark
Thanks you for your tiny spark,
He could not see where to go
If you did not twinkle so.

In the dark blue sky you keep,
And often through my curtains peep,
For you never shut your eye
Till the sun is in the sky.

As your bright and tiny spark
Lights the traveler in the dark,
Though I know not what you are,
Twinkle, twinkle, little star.

Thurston Cross Country '77

The Cross Country team had an exceptionally well season, thanks to Coach DeWayne Cantrall. They came in a surprising third place finish in district and finished 17th in the state meet. This years team was headed by Seniors Tom Nash, Jim Christian, and Dave Stephens. The season record was 16-5.

Girls came upon the scene this year after two years of hiding. They were progressing well until happenings late in the season produced an imcomplete team at district and they had no qualifying place or score.

Standing: Todd Howlan, DeWayne Cantrall, Rick Talley, Dana Peterson, Jim Christian, Tom Nash, Mitch Curtis, Dave Stephens, Tom Walmsley, Mark Fetter. Kneeling: Debbie Allen, Kim Tillman, Scott Landers, Mike Decker, Mike Beoshans, Kevin McCracken, Ralph Mears, and Sharon Sterns.

District 125.66 3rd place

Both gymnastics squads fared extremely well as each had a winning season. Many outstanding performances highlighted the year as Sandy Lister broke two school records, beam 7.35 and floor 8.3; Terry Cronk broke three records, floor 8.5, P-bars 7.3, and rings 7.2; Gale Rodgers broke the highbar record with a score of 7.8; Doug Suter also broke a record, on the side horse with a 7.2 score; and last, Gregg Hervey broke the All-around record with a 43.6.

The biggest moment for the mens' team was when two members qualified for state, Doug Suter on side horse and Terry Cronk on floor. At state competition, Terry Cronk took 7th place on floor.

Summing it all up, the year was good, and with many returning gymnasts, next year should be just as good.

Jeff Richmond was Second as an Individual at District and also went to State competition.

Intramurals

Basketball

The intramurals basketball season went almost according to plan. "The Rolling Stones," an all junior team and the surprise team of the season, beat just enough teams, including a win over "Butch", a previously unbeaten team. This put them in the finals against an all senior team, "VeesVille", who were also unbeaten, and the big pre-season favorite. "VeesVille" clinched the title with a 30-20 win, while "Butch" defeated "Be Bop Deluxe" for third.

Two special ladies teach Special Education classes at Thurston High School.

These ladies work with little recognition in order to teach their students how to live and achieve in the environment in which they find themselves.

These ladies, Wendy Goldstein, head teacher, and Rebecca McDonald, help their students to learn emotionally and mentally, how to just adjust and progress in the world in which we live. They totally involved themselves, and yet they do not want to be regarded as "Saints."

They, according to Wendy, "Are just doing their job."

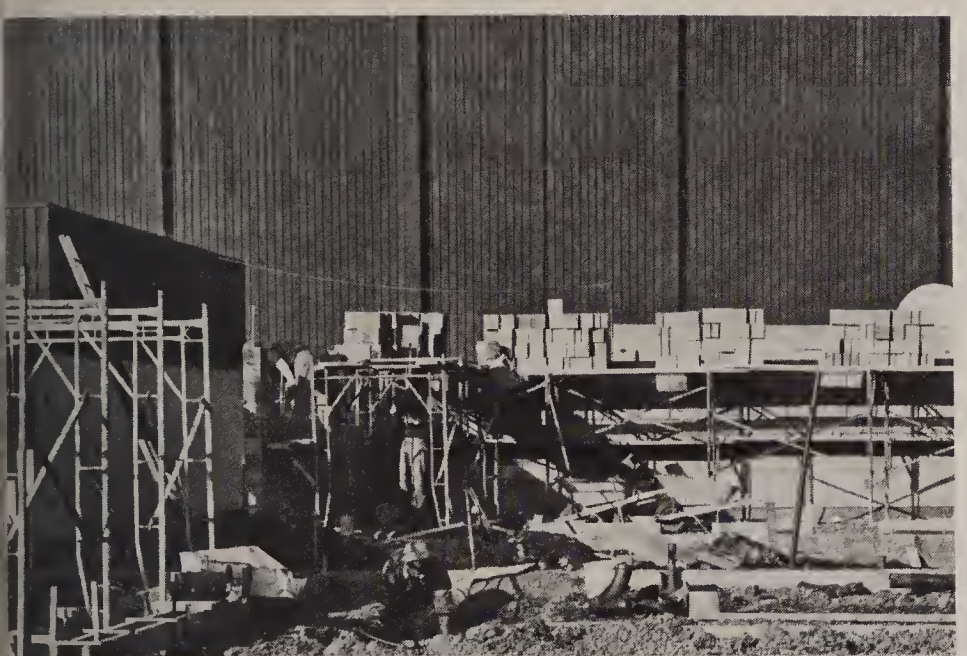

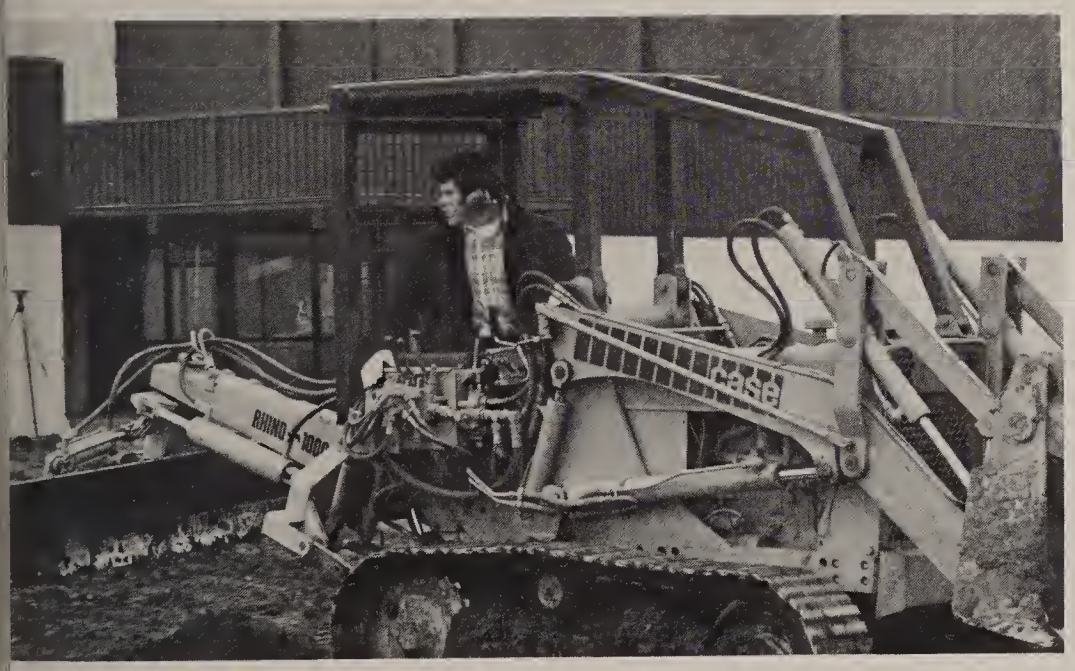

Building Boom, Big Business

EDGE OF THE UNIVERSE

Now I look out on forever, and it must be nice
down there
And they call me Shenendora in the air.
It's been my longest journey and I've
come through the black of night.
I was tired and hungry when I saw
your distant light.
Well, I know this may sound crazy, but I'm sure I
got there first,
I'm just me, Shenendora, at the edge of the
universe.

Riders to the Stars

Riders to the stars
--we are flyin' . . . we are fallin'
and I can see the clouds rollin' by . . .
Riders to the stars
--we are sailin', . . . we are soaring
and all we can do is try
we are riders to the stars
. . . we are riders to the stars

Work Experience

The Work Experience club is sponsored by the state for seniors in high school who are interested in a field of work. Mr. Canning has been involved for five years helping students get jobs in which they are interested. The businesses of the community hire these students, and then they start their way towards a career. There are many job clusters to choose from; business, mechanics, electronics, office work, etc. The students get paid minimum wage, and work approximately three hours a day. Those hours come from early release from school. The students get two credits towards graduation, because they are missing two periods of school. There is an average of 25 students in one cluster any given year. This year there were around 40 students involved in Work Experience. Some of the jobs that students are working in are; T.V. repair shops, garages, lawyers offices, banks, hospitals, and office work. An average of half the students keep their jobs permanently. Only seniors are allowed to join Work Experience, because they have had more training towards their desired job. If interested, students should start training in their sophomore year so that chances will be high to work in their desired occupation.

DESIDERATA

Go placidly amid the noise and haste. As far as possible without surrender be on terms with all persons. Speak your truth quietly and clearly; and listen to others. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misforture. But do not distress yourself with imaginings. Many fears are born of fatigue and lonliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe no less than the trees and the stars; you have a right to be here. Be at peace with God; whatever you conceive him to be; and whatever your labors and aspirations in the noisy confusion of life keep peace with your soul. With all its shame, drudgery, and broken dreams, it is still a beautiful world.

Leonard Rice

Teachers attend a farewell party, to say good-bye to a good friend.

Leonard Rice is no longer at Thurston High School, but he will be remembered for a long time. He contributed generously of his time and effort to help students realize their full potential in his classes.

We will miss him.

Leonard Rice 1962

In memory

Robert Kenneth DeMoss

August 19, 1960 — August 5, 1977

To-m-rrow, and to-m-rrow, and to-m-rrow

creeps in this petty pace from day to day

To the last syllable of recorded time

And all our yesterdays have lighted fools

The way to dusty death. Out, out, brief candle!

Life's but a walking shadow, a poor player,

That struts and frets his hour upon the stage

And then is heard no more. It is a tale

Told by an idiot, full of sound and fury,

signifying nothing.

It's time to find your place in the sun.
Senior Class
1978
A Place in the Sun.
Everybody's heart needs a holiday sometime, everyone of us needs to get away somehow. Laughing lighthearted moods, a sight-seeing afternoon, telling a joke or two . . . 'cause everyday invites you to find your place in the sun. It's time to find your place in the sun. Everybody's panning for gold, and you can find it for a price, -- love only promises to last forever, but sometimes it just doesn't work out. Laughing lighthearted tunes, oh sometimes they turn to blue, so tell yourself a joke or two . . . 'cause everyday invites you to find your place in the sun. It's time to find your place in the sun. Laughing lighthearted tunes, a sight-seeing afternoon, telling a joke or two . . . 'cause everyday invites you to find your place in the sun. It's time to find your place in the sun. Find your place in the sun!

Dedicated to

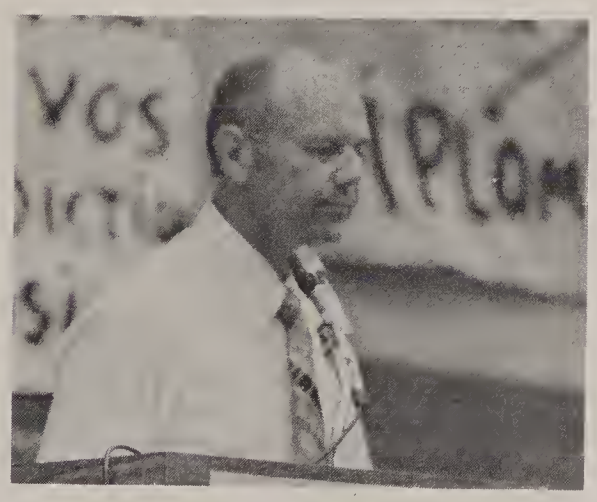

Gary Fisk

He is a caring man; a dedicated man; a decisive man; an honest man; a kind man, a loving man and a gentleman.

To a sophomore he is an enemy, to a junior he is an acquaintance, to a senior he is a friend. In a student's three years here, Gary Fisk will become a best friend to them.

Gary Fisk, we love and appreciate you, and it is an honor to dedicate this 1978 Yearling to you.

Everything but the squeal!

At one time our forests became mainly lumber. But now, as every man, woman, and child in our country uses the equivalent of a 100-foot tree every year, the products from our forests come in a variety of forms.

Our wood and wood fiber are glued and pressed into many building materials — from pulp come paper and packaging, melamine, film, fabrics and food extenders.

Then there's energy, in the form of compressed fireplace logs and charcoal. Using the squeal? We get close, because even manufacturing scraps are used to generate energy — and the scraps are called "hog fuel."
